NO. 48

The Findings of the Court.

The findings of the general court martial held in this city several weeks ago to try four members of the Second Regiment upon various charges were made public the first of the week. Private William Miller, of Company D, of Lexington, was fined \$50 for failure to attend encampment. Private Albert Walters, of same company, was fined \$8 for not attending drill, and Private Joseph Stivers, also of same company, was given three days in jail for the same offense. Private Kidder Woodson, of the McCreary Guards, this city, for disobedience of orders and failure to attend drill, was given ten days in jail and fined \$4. Governor Brown reduced the fine in the first case to \$10; in the third he changed the punishment to a fine of \$3, and in the last he remitted the jail sentence, but did not interfere with the finding in the second.

Teachers' Institute.

The Annual Teachers' Institute will be held at the Court House in this city, beginning on Monday, August 10th, and continuing through the week. Miss Lucy Pattie, the County Superintendent, has secured the services of Prof. W. E. Lumley, of Pulaski, Tenn., to conduct the proceedings and a very attractive programme will be prepared, interspersed with music, readings, &c. The law requires every teacher holding a county certificate to attend the Institute and the time of holding it has been fixed so that its sessions will not interfere with their school duties.

The King Fishers.

Messrs. Chas. C. Furr, Richard Morris and George L. Payne left Thursday for Cincinnati to join the other members of the King Fisher Club, and went thence to the Manistique Lakes, in northern Michigan, where they will go into

camp and remain for several weeks. The party this year will be much larger than usual and a pleasant time is anticipated. The lakes, three in number, are only about a mile apart and the party expects to fish in all of them during their stay. This is the only outing taken during the year by the gentlemen above named and is always looked forward to with anticipations of great pleasure.

Bring in Your Petitions.

All persons throughout the county who have been circulating for signatures petitions asking the County Court to order a vote to be taken upon the free turnpike question, are requested to bring in their petitions on Monday and have them at the county judge's office on that morning so that the matter may be presented for consideration at the meeting of the County Court.

Larger Still.

Mr. Z. Tylor Parrent, of the Bridgeport neighborhood, has brought to this office a sample lot of his crop of onions, three of them weighed two and a quarter pounds, and also threw in a peck of delightful pears which were greatly enjoyed. This is splendid season for vegetables but the onions are the finest of that particular variety we have seen.

Fort Hill Sold.

Prof. W. H. Mayo, as administrator of Tabb Smith, deceased, sold on Monday to Mr. L. B. Marshall the Fort Hill property for two thousand dollars.

THE PURPOSE OF EDUCATION.

Some Obstacles Met in Accomplishing That Purpose.

GEO. ROBBINS.

In the light of the preceding papers of this series, we feel justified in making the statement that one-half of the teachers of this country are in a state of arrested development. When one's education ends anywhere along the line of primary effort he is unfitted for the position of teacher, because his attempt to teach can end in no higher results than his own efforts to acquire have reached. If one's education has ended anywhere along the line of high school effort he is still unfitted for the teacher's profession, because he is still in the plane of mechanical thinking, and can impart no more than he contains. These have the reputation of teachers, but are lacking in those elements which constitute a teacher of high character.

Such an education is one-sided and is inimical to the best and highest interests of humankind. The very best corrective for this one-sided education is found in college education. (The term college is not intended to include those abortions which are the progeny of the diseased brain of an educational empiric.) The purpose of the college is to free the individual from the shackles of the lower, those bonds which tend toward keeping him moving in the same direction and in the same channel. It enables him to command the services of the lower, instead of being subject to it.

There are but two ways other than the regular college course which will enable the individual to acquire character as a teacher. One is through persistent, personal effort made independently of the schools, the other is by attendance and study in a good Normal School. The latter is by far the better of the two. The legitimate work of the Normal School is to give its students a college training plus a professional training. This it does as far as it can, but it is hampered by the clog of arrested development. I have already mentioned. It is a great pity that the Normal School should be compelled to descend to the plane of mechanical effort and complete the work of the high school before it can take up its own. Its effort should be upon the plane of ethical insight. When it can do its legitimate work only, its position will be beside the college and the theological seminary. God speed the day when this educational millennium shall begin and all charlatanism, chicanery and incompetency be relegated to the doom they so richly deserve, oblivion.

To Cleanse the System.

Effectually yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds or fevers use Syrup of Figs.

FRANKFORT ROUNDABOUT

Entered at the post-office at Frankfort, Kentucky, as second-class mailable matter.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, AUGUST 3, 1895.

To the People of Franklin County.

As it is well known to the majority of the people of this State that the 29th National Encampment of the G. A. R., will be held in Louisville, from September 9th to 14th, being the first one ever held south of the Mason and Dixon line, and as "Old Kentucky's" reputation for hospitality is at stake, it devolves upon the shoulders of the entire State to lend their assistance in entertaining the vast crowd of visitors (estimated to be between 300,000 and 400,000).

It is the intention of the committee to entertain these old soldiers with an old-fashioned Kentucky Barbecue, and we respectfully ask the people of Franklin county, whose reputation for liberality cannot be questioned, to contribute a small mite to this grand undertaking, either of beeves, mutton or shoates. The Barbecue Committee estimates that they will feed 100,000 people.

A special date will be designated when to send these contributions, as each railroad is to start a special train over their respective lines to collect the contributions. All we ask the people of this county, is their earnest support in this matter.

Observation Cars serve their purpose better than any others that have ever been constructed.

As the F. F. V. Limited is the only train running through from Cincinnati to New York that enables the business men to transact business in Cincinnati one day and New York the next. It is the only train for Jersey City Coast resorts, which are reached by F. F. V. at dinner time instead of in the evening. It is the only train that enables business men to transact business in Cincinnati one day and reach Washington for breakfast the next morning. It is the most desirable train for New England resorts, connections being made in the Union Depot in Washington with the Colonial Express running through to Boston which reaches New Haven 4.10 p. m., New London 5.30 p. m., Providence 7.15 p. m. and Boston 8.30 p. m. The F. F. V. is the only modern train lighted throughout with electricity, carrying a Dining Car and an Observation Car.

The Washington and Atlantic Express, also an Electric Lighted Vestibuled train, will leave Cincinnati at 7.00 p. m., reaching Washington 2.40 p. m. and Old Point Comfort 6.00 p. m. Connection is made at Washington with the Boston Express or the Limited, reaching New York about 9.00 p. m. FRANKFORT ROUNDABOUT

FRANKFORT, AUGUST 3, 1895.

Base Ball.

The Frankforts and the Maysvilles played two games of base ball at Thorn Hill Park on Monday and Tuesday.

The first game was a pretty one from a scientific standpoint, although the home boys were a trifle outclassed at the bat. Stag pitched a good game, all things considered, but the heavy hitters of the visiting team found his curves often enough to earn two of their six runs while Reiman was a Chinese puzzle to the locals.

In the fourth inning, with the bases full and but one man out for the visitors, Sutherland hit a long fly to left, of which Dick Vanderveer made a running backward one-hand catch that "brought down the house." It was the prettiest play ever seen at Thorn Hill.

The second game on Tuesday was marked by light hitting on both sides and the fielding was hardly so good as on the previous day, but the contest itself was a regular heart-breaker. Not for a moment was the excitement and nervous tension relaxed. Both sides had men on bases in nearly every inning but fine pitching and gilt-edged support at critical stages prevented a run being scored until the last inning, when after Wellner had struck out the three locals who faced him, the visitors came to the bat to win. McGinn, the first batter up, made a clean hit to left which bounded awkwardly and Lindsey allowed the ball to get away from him, McGinn going to second. Tenley also made a hit and McGinn went to third.

Hall hit a slow grounder toward third which Frank Barret handled nicely, but McGinn having a long start, beat the ball to the plate and the game was over.

The fine game put up by the local team against the Maysvilles encouraged the "fans" to hope they could give something of an argument to the Louisvilles, the League tail-enders, and a large crowd was present at Thorn Hill on Thursday to see them try it. Both the crowd and the home team were disappointed, however, for while VanDerveer pitched a very good game under the circumstances and was not hit at all hard, his support seemed to have a case of "rattles." In one inning three scores crossed the plate without a hit being made. Douglas again caught for the home team, while the Louisvilles had their regular team on the field, with McGinnery and Zolner on the pitchers. The score was 14 to 1, and the solitary score of the Frankforts was a pre-empt from Clarke and O'Brien. Four hits were made of McGinnery and twelve off VanDerveer.

Pen Merchant is still doing good work for the Greenville, Mississippi, team. In a series of games between the Greenville and Columbus, Miss., team, which is semi-professional, he pitched several of the games. In the one on Saturday he held the Columbus down in two hits and the Greenville won by a score of 17 to 2. In another game in which he did the twirling the Columbus got only one ball outside of the diamond, the infielders of the Greenville having fifteen chances all of which they accepted, the score standing at the close of the game 9 to 2 in favor of Greenville.

Good Fishing But Poor Fun.

Messrs. Stephen Black, A. W. Macklin and Rev. E. S. Alderman, of this county, left last week for Cumberland river, intending to camp and fish for several weeks, but returned home Thursday evening in a rather demoralized condition. They found the fishing splendid, but Mr. Alderman, who had only a few days before arisen from a sick bed, where had been confined for weeks with fever, was sick all the time the party was gone and confined to bed the greater portion of the time, and on Tuesday Mr. Black, while climbing around on the river bank, was so unfortunate as to receive a severe fall which spoiled all his fun. While no bones were broken he was so severely bruised and shaken up as to prevent him from getting about so Mr. Macklin concluded to break camp and being the two invalids home, the one weak and emaciated and the other done up in bandages. It is hoped that both gentlemen will soon be all right, as the illness of one and the injuries of the other are not considered serious.

Matrimonial.

*STAGG-KEENON—Mr. Thomas H. Stagg and Miss Betty Keenon were quietly married at the residence of the bride's parent, on Washington street, at 6 o'clock Wednesday morning, Rev. J. McClosky Blaney, D. D., of the First Presbyterian Church, officiating. Only a few friends and relatives of the contracting parties were present, and the newly wedded pair left over the Kentucky Midland at 7 o'clock for a bridal trip to New York and other eastern cities.

Deaths.

SACRA—Little Nellie Evans, infant daughter of Mr. John Sacra and wife, died at the home of her parents on the Louisville pike Monday, aged three years. Her funeral took place Tuesday afternoon and the remains were interred in the cemetery.

STEELE—Dr. Theophilus Steele died at the home of his son, Capt. John Andrew Steele, in Midway on Friday of last week and the remains were brought here and interred in the cemetery Sunday afternoon.

Contract Let.

Mr. George Salender let the contract on Thursday for his new storeroom on Second street to Messrs. Howell & Netherly, who will commence work at once and push the building to an early completion. The building consists of brick, one story high, with a cellar underneath.

Permanent Secretary Chosen.

The Board of Directors of the Young Men's Christian Association on Monday elected Mr. H. L. Jarod, of Chicago, as the permanent secretary of the Association, which position Mr. Jarod has accepted and entered actively upon the discharge of his duties. He has a temporary office in the house on Washington street formerly occupied by Mr. Dr. Green and is busily engaged in making preparations to begin work as soon as a permanent home is secured for the organization. Mr. Jarod was born in Switzerland but has been a resident of the United States since a small boy, and has had considerable experience in the work in Wisconsin. He is an energetic young man, zealous in his work and will leave no stone unturned to make the movement a success in this city.

Will Nominate To-day.

The Democratic primary to be held in this county to-day to nominate a candidate for Representative promises to be a red hot contest. Both Mr. Violet and Col. Taylor, the candidates, have made a lively canvass and when the votes are counted to-night the majority will not be very large. Both candidates seem confident of success and it will be a fight to a finish, and every voter in the county of that political faith will be rooted out and hustled to the polls before 4 o'clock this afternoon.

Births.

SHY—In this county, on Tuesday, July 30th, 1895, to Mr. W. A. Shy and wife, a daughter, Stella Zerelda; weight ten pounds.

STICKNEY—In Cincinnati, on Wednesday, July 31, 1895, to Mr. George Fetter Stickney and wife, a daughter.

Another Fete.

The local S. N. of the Essenic Order gave another lawn fete in the lot at the corner of Second and Steele streets last night, and while not on as extensive a scale as the one given last month, was equally as enjoyable.

Bought out Mrs. Henry.

Poa Ridge.

Quite a number of our people are attending the protracted meeting at Bridgeport Christian Church.

Misses Fannie and Pearl Seamore, of Louisville, are visiting Mrs. Angrave.

Mr. Thompson Johnson was here during the week threshing the wheat crops of our farmers.

Mr. Stoop is working on his new house.

Miss Nannie Baker commenced school here last Monday week with twenty-eight scholars.

Rumor sent us the very unwelcome news last week that Dr. Owen Robinson had been shot. Our people are glad it is a mistake.

On the 20th the District Treasurer attended here at the schoolhouse to collect the tax levied for the school supplies. Such a very few came and paid that the trustees extended the time four weeks. All indebted will save expense by leaving the amount due with the Treasurer or the Chairman of the Board, Mr. Jim Tracy, as after the time set delinquents will have Sheriff Armstrong to settle with.

On Sunday the 21st, at 3 o'clock, a number of our people attended the baptism services near Conway's Mill of those who joined the church during the revival conducted by the Rev. Polsgrove at the school house on the Benson pike. After the baptizing our people went to Sunday school conducted by Mr. J. Staten and heard Mr. Polsgrove preach at night.

The blackberry crop is very slim but all our apple and pear trees have broken down with the weight of the fruit. Hauled to town they are worth ten and fifteen cents a bushel.

The scribe made the acquaintance of a railroad man some time ago who had just lost his job because he did not have the right kind of religion. Quite right, anyone who hasn't the right religion ought to lose his job or get right. Being out of employment he will now have leisure time to hunt up and fasten on the right religion. Served him right. Meantime a little leisure might be spent by the boss on the question "Am I right?"

Dr. Reynolds visited Mr. Bunn's little daughter, Ida, last week who is very sick.

Miss Scott, of Texas, is visiting her uncle, W. M. Crutcher.

Miss Kate Sanford is visiting Mrs. Cull in Frankfort this week.

The opinion prevails here that if the Republicans do not take advantage of the great dissatisfaction that people express concerning Democratic rule, city, county, State and National, they had better shut up shop. The discontent is wider and further spread than you, Mr. Editor, would like to believe. Old Democrats have told the writer that a change of parties in this State would be very desirable and a looted treasury, tampered ballot box, with whole precincts thrown out, are just a few of the reasons given for the belief there are plenty more. The Bockwinkle Owens campaign, dull times and low prices of wheat are all discussed whenever people meet. If an old time Democratic majority is wanted the managers had better get out their soup kettles, jugs and oratory.

A very readable well-written article concerning the "Coxey Army" appeared in the ROUNDABOUT June 29th, giving an account of the cause that led to the formation of the army and the motives that influenced them in the march to Washington. Mr. Robbins believes that ignorance was the cause and recommends the public schools as a cure. Ignorance it most certainly was. Poor fellows, they did not know how little Congress cared for them, they had no idea of the cruel reception they would meet at the Capital. During the year 1894 the unemployed in the United States were numbered by the

millions, causing an immense amount of distress. Various suggestions were made by the press and otherwise that the government should employ a large number of men by working them at very low wages on locks, canals, harbors, fortifications, &c., until times were better, and a petition to Congress was prepared and signed by hundreds of thousands stating the distress and asking relief. Realizing from experience that no attention would be paid to the petition, a large number of the unemployed, under the lead of Gen. Coxey, decided to carry the petition themselves to Washington to show the very urgent need by presenting themselves as a living petition to Congress. Arriving at Washington after a long weary march they found the Capital grounds closed against them. Climbing the fence they swarmed up the Capital steps and called for their members. The Speaker of the House came out and made a speech to them, of which he is now most heartily ashamed, for it was more like a despot speaking to his serfs than a Congressman addressing his fellow citizens. "Not a word of sympathy for their distress or their long journey across the continent." He told them that they had no right there and treated them as if he owned the grounds and they were trespassers. Believing that every citizen had a right on the ground they proceeded to argue the matter, when the police were called for who clubbed and beat some and arrested others who were tried and convicted, some for carrying flags while one unfortunate was found guilty of walking on the grass. Published in all the American papers, flashed by cable, the story with much unfavorable comment upon American justice, appeared in the European press, one paper affecting not to believe the story as unlikely, called its American representative to investigate the matter and cable results, and when Crisp's speech, number and names of prisoners, charges against them, trial and punishment, with an account of their previous clubbing, was received, that paper was more mystified than before and professed its inability to understand American customs, but pointed out the fact that there was but one country in the world whose citizens were punished for carrying their own flag or imprisoned for trespassing on their own domain, and that the punishment, namely, the clubbing, came first and the United States afterwards. When the army disbanded and scattered all over the States and told the story of their Washington reception, so many people sympathized with them that at the next election the political opponents of the party then in power were victorious by a majority so immense that it was called a landslide and caused national rejoicing. If the late Congress did one good, history is silent in the matter, while the state of the country during the last two years would answer the question as to whether it did any harm. It has the record of being the meanest legislative body that ever tried to govern a free people, and will only be remembered for the fact that while they were in session American citizens were clubbed and beaten for carrying their flag and walking on the grass. Let us hope that the time will be far distant when it will be necessary to call on these men to carry the flag and defend the government where they were so cruelly treated.
